

## NORTH LEOMINSTER ROD & GUN CLUB NEWSLETTER

[www.nlrgc.com](http://www.nlrgc.com)

May/June 2010

**PRESIDENT'S CORNER:** Another couple of months have gone by and things are heating up at the club as spring is here and members look forward to the coming summer activities. We had our spring clean up day on April 24<sup>th</sup> (our rain make-up date) which was well attended by all the major committee groups. I personally want to thank everyone who attended (the list of attendees is VERY Long) for making this ALL Volunteer effort a great success and hope everyone enjoyed the PIZZA! We are spruced up for our May and June events, so come on down enjoy the facilities.

**Kitchen Corner:** The club is still offering breakfast every Sunday morning from 7:30 am to 10:00 am. It's a great deal for the price, so come and join us for a hearty breakfast and friendly conversation. Guests are welcomed!

**Trap Corner:** Dick Friend is more than satisfied with the maintenance and repair work on the trap machines performed by Marshall Steinbeck. It was noticed by many who attended the first SCTP shoot of the season that the targets were fantastic.

The Scholastic Clays Program (SCTP) is a youth oriented program that places emphasis on the participants school work and the sport of trap shooting. The SCTP shoot was a success. The shooters and there families enjoyed the day at NLRG.

Dick is looking for volunteers to help at the May 16<sup>th</sup> ATA shoot. No experience is required as there are plenty of areas where a warm body is required to help keep the event running smoothly. All members are welcome to contact Dick or any of the Board of Directors if they wish to volunteer or have general questions in regards to events scheduled this season.

**Skeet Corner:** The skeet machines are in the process of maintenance and repair. Four of the bases will get major repair. Our goal is to get the targets flying to NSSA standards. The fields will be in great shape for our weekly shooters. Come enjoy the discipline of shooting skeet.

**Pistol/Rifle Corner:** is working on the ranges all the time. George Grant has corralled members to create a safe environment at the ranges. Pin Matches are scheduled throughout the season. Check the website for all the upcoming events.

**Membership Corner:** The orientations are the third Sunday of the month at 10:00 a.m. It's worth coming and meeting with a BOD to know what the club is all about. We thank the new members for their cooperation in completing the orientation process. Bob MacMaster and Maureen Siemen have been keeping track of the new members and look forward to meeting with them.

**Education Corner:** The BOD has been approached by members of the club to host pistol/rifle/shotgun classes for members and non-members. The BOD is all for having education classes held at the club that benefit not only our club members, but also the general public in order to promote gun education and a safe shooting environment.

A **Home Firearm Safety Course** has been scheduled for Saturday June 19<sup>th</sup>. Class starts at 12:00 noon and will finish at 6pm. Registration will be limited to 20 students on a first come, first serve basis. They can pre-register by sending an email to [MAFirearmSafety@comcast.net](mailto:MAFirearmSafety@comcast.net) and provide their Name and Contact information (phone and/or email). Cost of the course is \$135. Deposits of \$50.00 can be made out to and mailed to David Kistler, 282 Legate Hill Road, Leominster, MA, 01453. Students should arrive no later than 8:45 AM for final registration and handout of materials.

Successful completion of the course will qualify students for both an FID and a MA LTC (you must be 21 for a MA LTC). More information will be available on the website.
